

## Pirate Popsicle Stick Puppet Craft

1. Color in the pirate ship.
2. Cut along the dotted line on the ship. This will be the pop-up area for your popsicle stick puppets.
3. Decorate popsicle sticks to look like pirates!
4. Carefully insert your popsicle stick puppets through the opening to board the ship! Move your puppets up and down, left and right. Try following along to the Super Simple Song, Over The Deep Blue Sea!
